Studio Upstairs is a working arts community with studios in London and Bristol. It is a place where people experiencing mental health difficulties can express their talents and interests by creating art. In this setting people find that by exploring fragile and intense emotions through art, they can transform their lives. Studio Upstairs is managed by a committed team of practising art therapists and artists. Intrinsic to the ethos is that studio members, managers and volunteers produce work and exhibit alongside each other in a public gallery setting.

7 Bedford Row is widely recognised as one of the leading sets of barristers' chambers in the country. Chambers' success has been built upon a sustained commitment to first-class advocacy. It has deliberately avoided becoming a specialist set. Chambers offers expertise across a range of criminal, civil and family law disciplines. It can deliver a team tailor-made to suit the requirements of a particular case. It is actively involved in pro bono work and efforts to promote equality and diversity at the Bar.

Cash, credit card and cheque will be accepted on the night. Bids can be accepted in advance, as can telephone bids. To arrange these please contact : mail@studioup.org.uk
