Changing Landscapes.

A symposium to consider the changing landscape in the prosecution of serious fraud and corporate crime.

20th May 2010

What does the changed landscape mean for defence practitioners?

The last year or so has seen important changes in the approach of prosecution agencies to serious fraud and corporate type crime. The SFO and the FSA have spearheaded new approaches and policies.

These are some of the issues our speakers will address and that we hope to discuss. 7 Bedford Row is delighted to be able to introduce a distinguished and experienced panel of speakers and it is hoped that guests will contribute to a lively question and answer session.

Our Speakers :

Jane de Lozey SFO

David Kirk FSA

Stephen Gentle Kingsley Napley

David Farrer Q.C. 7 Bedford Row

The event will take place from 6.00 to 8.00pm (followed by a light buffet and drinks) on 20th May 2010 at 7 Bedford Row, London WC1R 4BS. CPD 2 points.
